PREFACE

Faculty of Nursing provides academic advisors in order to help students complete their studies. The Faculty of Nursing provides Academic Advisors. Academic advisors are lecturers who are appointed and tasked with guiding a group of students who aim to help students complete their studies as quickly and efficiently as possible and assist students in achieving tri student success, namely: Academic Success, Success in Career and Social Success.

Surabaya, 3rd January 2019

Vice Dean 1

Dr. Kusnanto, S.Kp., M.Kes.

Purpose of Guidance Services

1. Understand the potential abilities possessed by students and make the best use of those potentials in following and completing their studies.
2. Understand the obstacles and difficulties faced by students and be able to solve or overcome them appropriately so that the obstacles and difficulties do not become obstacles in following and completing their studies.
3. Understand and utilize the guidance provided to overcome difficulties.
4. Understand and apply applicable procedures and regulations that can make it easy to follow and complete their studies.

Academic Advisory Function

1. Helping students prepare a study plan from the first semester until the student finishes studying.
2. Giving consideration about the courses that can be taken in the semester that will take place to the student's guidance by understanding their learning needs.
3. Give consideration of the number of credits that can be taken in the semester that will take place in accordance with the success of the study in the previous semester and declare their agreement by validating / signing the Study Plan Card (KRS) and the Achievement Credit Unit (SKP)
4. Helping students channel their interests and talents to improve their academic abilities.
5. Helping students understand lecture material and the benefits of learning the knowledge they take.

Academic Advisory Authority

1. Give advice to students who are guided.
2. Help solve the academic problems of the students they guide.
3. Helping students develop their academic abilities.
4. Help overcome the problems that hinder the smooth study of students under their guidance.
5. Forwarding the problem of students who are not their authority to the authorities to handle the problem.
6. Assist students in determining topics for scientific work (Final Project / Thesis).

Academic Advisor's Obligations

1. Having broad academic insight in the form of mastery of the program curriculum followed by the student's guidance.
2. Understand and understand the academic situation
3. Knowing various student activities programs.
4. Establish and schedule meetings with students for regular guidance.
5. Establish relationships of academic and professional familiarity with student guidance.
6. Following, observing, and directing the development of student studies that he supervised regularly.
7. Record and evaluate the programs that are being undertaken by students who are guided periodically.
8. If they are going to leave their duties, the PA must report to the Head of Department, Assistant Dean for Academic Affairs and Student Affairs (Deputy Dean 1), or to the Dean.
